Dear Linda,

Enclosed please find the information I received from Nancy Ulrich. As you requested I did talk with her and because I had no comparison and did not know what the conversation with Populas Research was compared to my conversation with Ulrich Research I called Populas.

I could not locate them in the phone book, therefore I called information where I did locate their number. I talked to Bruce, who indicated he was a partner and was the one who talked to you. I asked why they were not listed in the phone book. He said because they had changed their name in 1991.

I have enclosed a comparison of the questions I asked each and their answers.
